Leonardo da Vinci

Federación EFA Galicia

Slovenia Meeting

20 – 24 October 2014

SAGITER Actions – EFA

Recover the practice of Hops cultivation in Galicia:

- Creation of workgroup with involvement of different actors in the territory
- Conducting the Survey a hop cooperative adviser
- Field work with young people (future farmers): observation of practice
- Recovery work practice by oral transmission - meeting with seniors who were producers

• Recovery of local vegetable garden varieties:

- Identification and creation of working group with local producers
- Involvement of agricultural training center in the recovery process for transmission of practice with students
- Design and development of ICT tool for integrated production management and traceability tool online (QR code)
