

Lifelong
Learning
Programme

Training itinerary VLM

- VLM = Governmental agency: aim public = advisors of agroenvironmental measures (other advisors are suspended)
- Advisors act in structure of CAP (paradigm, administrative)
- Aim of training = to support advisors to accompany farmers towards a more sustainable way of farming (living)
- training = workshops (8 in 2 years) of 1 day
 - not focussing on agroecological knowledge
- Focus on 5 competences (>< pillar 2 of CAP)
 - Reflection
 - Observation
 - Creative vision forming
 - Responsible participation
 - Communication by dialogue

- Introduction to agroecology: overview
- Workshop on reflection:
 - Reflection on own work in relation to agroecology: individual/peer to peer/ community discussion
- Workshop on observation:
 - Observing agroecological farmers in action and interviewing them
 - How to put observations in text/photo/video
- Workshop on creative vision:
 - how to deal with complex problems: law vs. reality

- Workshop on communication by dialogue:
 - doing different types of dialogue (with different kind of people: scientist, farmer, student, policy, ...) and discuss
- Workshop on responsible participation:
 - How to put personal engagement in work
