

Title of the workshop: exchange of knowledge and experience "from seeds to bread"

Short description of the workshop for the programme:

The workshop will present the different initiatives linked with the different stages of the agroecological cereal system (seeds, production, milling, baking bread, commercialisation) for obtaining bread of quality. These themes will be discussed in a visit of the mill of Abdij van het Park in the presence of a miller and a young farmer who cultivates his seeds in a CSA structure.

Organisation and person in charge of the workshop: Sofia Baltazar (UNamur-ULB)

Co-organiser: Jeroen Watté (Wervel)

Objective of the workshop:

To present and discuss different stages of agroecological system of breadmaking.

To exchange knowledge and experiences.

To discuss about autonomy of seed producing and the quality of bread.

Identify the difficulties and the keyfactors of succes.

Methodology:

Transfer to place of visit. 5 min Introduction 30 min Visit of the mill

30 min testimony of farmer Michel Dewaele (culture céréales en CSA, collaboration avec meunier, blés anciens)

15 min testimony of the walloon cereal seeds club

45 min discussion

People that give input and expenses involved:

| Name | Organisation/function |
|-----------------|-----------------------|
| Michel Dewaele | agriculteur |
| Johan Boulanger | meunier |
| À confirmer | Li Mestère |

Moderator of the workshop: Sofia Baltazar

Reporter: Jeroen Watté
