

COMMON PRINCIPLES FOR ITINERARY

- **Trainers posture**
- **Specific place of practical work and experimentation**
- **Reflexive posture, self assesment of practical work (trainer rôle : moderation)**
- **Specific skills for agroecological knowledges**
- **Beginning from knowledges participants**
- **Participative approach**
- **Agroecological knowledges to take in consideration**

Not commons, only for someone :

- **Comparative approach**
- **Dialog between scientificknowledges, practical one, and values**
